

*"Reducing Incarceration through Prevention,
Intervention, and Treatment"*

April 2, 2018

Dear Arizona Mental Health Criminal Justice Coalition Partner,

David's Hope, a 501 (c)(3) nonprofit organization, was created in 2009, with the mission of reducing incarceration of those with mental disorders and addictions through prevention, intervention and treatment. *The Arizona Mental Health Criminal Justice Coalition*, a program of David's Hope, works with Arizona's mental health criminal justice stakeholders, to promote and secure treatment for those with mental health disorders and addictions through increasing collaboration between our mental health and criminal justice systems.

In 2016, the organization launched the *Step Up Arizona Campaign* to reduce the number of people with mental illness and substance use disorders who are incarcerated.

Last August, we also hosted the second annual **Step Up Arizona Summit**. The event was a huge success with more than 275 people in attendance, who participated in impactful presentations, dialogue and proactive planning. After the success of last year's summit, David's Hope will be hosting our third annual statewide **Step Up Arizona Summit** on Thursday and Friday, August 23-24, 2018. The Summit will focus on establishing systems for diverting those with mental illnesses or co-occurring mental illness and addiction away from the criminal justice system and into community-based treatment and support services. **On Thursday evening, we will be hosting our fifth annual Law Enforcement Awards event. Awards for outstanding service and leadership in mental health criminal justice collaboration will also be presented.** We invite you to participate in honoring members of the law enforcement community, judicial officers and mental health criminal justice advocates, who are doing important, innovative and life-saving work, serving our community.

The Summit will promote collaboration and build a plan for action which includes law enforcement, public officials, courts, health care professionals, business and faith community members as well as peers and family members, all whom are involved with Arizona's criminal justice system. The Summit also serves to foster education, build networks and recognize outstanding community achievements. The summit will focus on implementation of the national Stepping Up Initiative across all of Arizona's counties and tribal regions.

Goals of the campaign and summit:

1. Increase public safety through prevention, intervention and treatment for people living with mental health and co-occurring substance use disorders.
2. Reduce the number of people with mental illness and addictions who are incarcerated. Promote awareness and implementation of the national Stepping Up Initiative, <https://stepuptogether.org/>
3. Through use of Sequential Intercept Model, develop a comprehensive state wide plan for behavioral health criminal justice collaboration. [Sequential Intercept Model](#)
4. Engage persons with lived experience in all aspects of planning, implementation and program operation.
5. Grow coordinated state, county and community efforts to assist individuals with mental illness and addictions who are being released from incarceration to successfully transition back into our communities, connecting them with community resources for treatment, housing, employment and support services.

Through these efforts, David's Hope works to secure appropriate treatment for individuals living with a mental disorder or co-occurring mental illness and addiction, improving public safety and saving taxpayer dollars. David's Hope plans to sponsor many law enforcement officers and fire department emergency response staff to attend the summit without cost. Your sponsorship will provide the resources to make this possible.

We hope you will consider supporting this important event. Your contribution demonstrates your commitment to work toward proactive and innovative solutions that will positively impact behavioral health care in Arizona. So please consider sponsoring our Summit by reviewing the enclosed sponsorship package which details available benefit and recognition levels. As an event sponsor, you will benefit from recognition as a critical partner, who understands the importance of mental health criminal justice reform. If you have questions, please do not hesitate to call me at 602 872-4685.

We look forward to welcoming you to the 2018 **Step Up Arizona Mental Health Criminal Justice Summit and David's Hope Law Enforcement and Mental Health Criminal Justice Collaboration Awards** as an event sponsor on August 23rd and 24th. With your support, this important summit and festive celebration will promote inspired action and solutions to enhance Arizona's future.

Thank you for taking the time today to consider sponsoring this important event!

Sincerely,

Mary Lou Brncik
